PROFESSIONAL SUMMARY

Creative and detail-oriented UI/UX Designer with 1.3+ years of experience designing responsive web and mobile applications. Skilled in user research, wireframing, high-fidelity prototyping, design systems, and usability testing. Experienced in leveraging AI tools to accelerate UX research, user flow creation, design exploration, and cross-functional collaboration. Passionate about crafting intuitive, user-centered digital experiences that drive measurable business growth and customer satisfaction.

WORK EXPERIENCE

UI/UX Designer | Zikrabyte Solution | Bengaluru, India

May 2024 – Present

- Designed intuitive user interfaces for 3+ web and mobile applications, improving user engagement through research-driven design decisions.
- Created wireframes, user flows, information architecture, and interactive high-fidelity prototypes using Figma and Adobe XD.
- Reduced design iteration time by ~30% by integrating AI-assisted workflows for ideation, content generation, and UX documentation.
- Improved collaboration efficiency between design and development teams by establishing a shared component library and design guidelines.
- Designed responsive interfaces ensuring pixel-perfect consistency across desktop, tablet, and mobile screen sizes.
- Conducted usability testing sessions and synthesized findings to iterate on designs, directly reducing user error rates.

UI/UX Designer (Internship) | FITA Academy | Chennai, India

November 2023 – January 2024

- Designed responsive and interactive web interfaces ensuring seamless experiences across mobile, tablet, and desktop.
- Applied UI/UX principles and design thinking methodologies to create visually compelling and functional layouts.
- Built frontend prototypes using HTML, CSS, and JavaScript to bridge the gap between design and development.

Web Design Intern | Training Trains Software Inc | Salem, Tamil Nadu

June 2023 – July 2023

- Assisted in designing user interfaces for web and mobile applications, collaborating closely with senior developers.
- Conducted usability testing and presented actionable findings to the product team.
- Ensured seamless design implementation by maintaining consistent communication with the development team.

PROJECTS

SmartEdLab — AI-Powered Language Learning Platform

- Designed the end-to-end UX for an AI-powered learning ecosystem serving students, institutions, and training organizations.
- Crafted user flows and prototypes for features including self-paced learning, AI tutor assistance, live instructor-led classes, and assessments.
- Focused on personalized learning paths, real-time AI feedback, and interactive LSRW (Listening, Speaking, Reading, Writing) skill-building modules.

SellSmart — *AI-Powered Electronics Resale Platform*

- Designed a seamless UX for an electronics resale platform featuring instant AI-based price evaluation, doorstep pickup scheduling, and secure payment flows.
- Prioritized a clean, trust-building interface to encourage sustainable electronics recycling and responsible e-waste management.

NSR Technologies — *Training & Career Development Platform*

- Designed the platform UI for industry-oriented training programs, helping learners access practical projects, expert guidance, and career support tools.

TECHNICAL SKILLS

Design Tools: Figma, Adobe XD, Photoshop, Framer, Stitch

UX Methods: User Research, Wireframing, Prototyping, Usability Testing, Design Thinking, Information Architecture, Design Systems

Frontend: HTML5, CSS3, JavaScript, React

Data & Analytics: Power BI, Tableau, Microsoft Excel, MySQL, Python, Seaborn

Dev Tools: Git, GitHub

Soft Skills: Cross-functional Collaboration, Stakeholder Communication, Agile/Scrum

CERTIFICATIONS

Data Analysis with Python, SQL & Visualization — [Udemy](#) | *November 2025*

UI/UX Designing & Development — [FITA Academy](#) | *January 2025*

Cybersecurity Orientation Program — [Udemy](#) | *March 2024*

EDUCATION

Bachelor of Science (B.Sc) – Computer Science | [Jairam Arts & Science College](#)

2021 – 2024
